

## ACMPE Board Certification Practice Question

Have you been thinking about becoming certified or just curious about what types of questions are asked on the ACMPE certification exam? Try answering the following question because it is this type of question that appears on the exam.

Which of the following is an example of a variable cost?

- A. Property tax
- B. Medical supplies
- C. Malpractice insurance
- D. Equipment leases

Please scroll down to page 2 for the answer.

ANSWER: B

Now that you have taken this first practice question, how about joining an ACMPE certification study group, taking the ACMPE exam, or just learning more about the process?
